# French lessons at a language school

We run this programme in partnership with a language school, where students attend classes alongside other students. A language test is carried out to place them in the appropriate level.

Classes are taught in groups of up to 8 students. The school itself provides teaching materials appropriate to each student's level to help them improve their learning by following a structured approach. The school is situated in the centre of Nice.

The school organises activities every day, which our pupils are welcome to join if they wish.

They stay with a host family on a half-board basis. Other accommodation options are available. They walk to lessons from their host family's home or travel by public transport, for which they are provided with travel passes.

Classes take place from Monday to Friday. You can choose between 15 or 21 hours a week. At the weekends, you're free to do activities with your family or with the group.

We keep in touch with the student to find out how they are settling in and progressing with their studies.
